Where can I get audition material for my child?

Song Resources: Your child's audition song should be memorized and must be available on a non-vocal CD accompaniment track (sometimes called a "karaoke" track). At class/camp "auditions" the student will perform his/her song to this CD track, so it is very important to practice with the track and bring it to the "audition" at the first session of camp or class.

**It is the student's responsibility to bring an appropriate track for auditions.
Other music taught during the course will be supplied by the instructors.**

We suggest that before you choose a song for audition, be sure that a track is available. Most musical roles for kids have such tracks readily available. CD accompaniment tracks of this type can be downloaded from a variety of sites such as Walmart.com and iTunes.

If you are purchasing audition music song books, accompaniment tracks or sheet music, then visit, <http://www.southeasternmusic.com> a music store which has partnered with us to make on-line purchases of these resources fast and easy.

Your local library or bookstore may contain the following Hal Leonard publications (which come complete with accompaniment CDs):

- "*Solos for Kids*" compiled by Louise Lerch
- "*Kids Stage & Screen Songs*" compiled by Louise Lerch
- "*Kids' Broadway Songbook*" by Hal Leonard Corp.
- "*Popular Solos for Young Singers*" by Louise Lerch
- "*Broadway for Teens – Young Women's Edition*" by Louise Lerch and Hal Leonard Corp.
- "*Great Songs from Musicals for Teens (Young Men's Edition)*" by Louise Lerch
